

## Help your dog enjoy a happy, healthy life, with our senior wellness bundles

### **Comprehensive physical examination**

**\$53.50**

This head-to-tail examination includes, but is not limited to, temperature, weight, and the evaluation of the following:

- coat and skin
- eyes, ears, mouth, teeth, and gums
- heart, lungs, and abdomen
- legs and paws

### **Chemistry profile and CBC**

**\$174.81**

A blood chemistry profile, including SDMA, provides information about your dog's kidneys, liver, and pancreas as well as other functions of the body, such as blood sugar and hydration. A CBC can identify infection, inflammation, and anemia.

### **Infectious disease screening**

**\$79.94**

This screening identifies whether your dog has been exposed to heartworm or other important tick-borne diseases.

### **Fecal test**

**\$57.00**

This test checks for intestinal parasites that may live in your dog's gastrointestinal tract.

Since they are usually hidden from view, the only way to detect and identify most intestinal parasites are by doing a fecal test.

### **Thyroid function test**

**\$92.40**

A thyroid function test detects whether your dog's thyroid gland is functioning properly. Thyroid disease is very common in older cats and dogs.

### **Complete urinalysis**

**\$107.83**

This analysis assesses the overall health of your dog's urinary tract including kidneys and bladder. Finding infection or inflammation.

Regular cost: \$565.48

Discounted Preventative bundle cost: \$230.00

**Total Savings of \$335.48**
